### THE MOST PRECIOUS BLOOD

Pope Francis regularly reminds the faithful to take up again the traditional devotions which have sustained and nourished the spiritual and devotional life of the faithful for centuries. To aid us in our prayer life, the Church dedicates each day of the week and each month to a specific devotion. This helps us to reflect and meditate on a particular aspect of Christ's life, Our Lady's life and the importance of devotion to the Saints and Angels.

As I said in last week's newsletter, the month of June was dedicated to the Sacred Heart and this new month of July is dedicated to the Most Precious Blood. This title, of which many people are unaware, is the dedication of our own Cathedral.

Devotion to the Most Precious Blood helps us to contemplate the depth of Christ's love for us, when he took up his cross and died for our salvation. When the Roman soldiers pierced his body with nails and a spear, his precious blood poured forth as a fountain of sacramental grace bringing life to his Church and the possibility of everlasting life.

During this month of July, let us give thanks for Christ's passion and death that he should love us so much that he would shed his precious blood for us. **Fr Sean.**
