## Funny Egg and Cress Faces

## Method

1. Soft boil your egg and cut off the top. Eat your egg without breaking any more of the shell! Alternatively, crack open a raw egg. Be careful that you only crack open the top of the egg. Save the egg shell and use your egg for cooking or baking.
2. Wash the egg shell carefully and let it dry.
3. Use your felt tip pens to draw a face onto your egg shell. Alternatively, you can colour your egg shells as you wish. Stick on your wobbly eyes.
4. Put cotton wool inside the egg, almost to the top.
5. Sow plenty of cress seeds onto your cotton wool.
6. Water your cress seeds daily.
7. After several days, your funny egg face will start growing green hair!
8. Harvest your cress and add it to your sandwich.

## You will need:

Empty egg shells
(the larger bottom part)
Felt tip pens or paint
Cotton wool
Cress seeds

## Egg cups

Wobbly stick on eyes (optional)
